

Colours:

All artwork supplied must be in CYMK format not RGB, unless printed special colour/s, then please set up artwork with Pantone colours.

Bleed & File Resolutions:

Artwork must be supplied with a 3mm bleed all around, and all images contained have to be 300dpi or higher. Tints should be no less than 10%. Make sure all fonts are included with the artwork or art converted to outlines.

Accepted File Formats:

We are happy to accept any of the following file formats.

PC: CorelDraw, Photoshop(supply PSD file), Illustrator, Freehand, Quark Xpress, PDF

When providing PDF files please ensure that all text is converted to outlines. We do not accept artwork created in Microsoft based programmes, e.g.: Publisher, Word, Power Point, etc..

Extra charge for any alteration on artwork supplied, minimum charge £25.00

Colour accuracy is in NO WAY guaranteed, as we have no control over monitor settings or output devices used by the end user.

If in doubt please request a hard copy proof @ extra cost
